

In order to register for TST Academy's 2010 Winter Session please follow these instructions. We have provided screen shots to help simplify this process.

The registration process will be completed using the "Gotsoccer" online software.

If you have used this software to register for your club team, you will already have a *username & password* (if you are unsure of your username & password please contact your club registrar). If you do not play for a club team, you will need to create a player account before you register (this is outlined below). Please follow the instructions that are applicable to you.

For players NOT already registered with MYSA:

Go to: <http://www.gotsport.com/gotsoccer/>

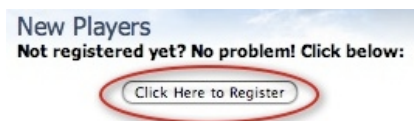

1. On the left side click "Log In"

2. In the middle of the page click "Player Account"

3. Since this is your first time - click on the "Click Here to Register" button under the New Players heading

4. You will now be prompted to enter the "Player Information". Please fill out completely. At the bottom of this page you will create your *username & password* (make sure you write this down. You will need this later). Once you have completed this form click the "Register Your Profile" button.

Upon completion of Step 4, you will automatically be logged into the account you just created (at any time you can update your player account by logging in to your account through the www.gotsoccer.com website). At this point, log out of your account and follow the remaining instructions for your 2010 TST Winter Session Registration.

For players that are already registered with MYSA through their club and players who have completed the above instructions to create their player account:

The following hyper-link will take you to the 2010 TST Academy Winter Session Registration. Click here ---> [TST Registration](#)

By clicking on the hyper-link a new web page will open. On the top of your page you should see the following:

You will now need your *username & password*.

On the right side, enter your username & password for your individual account and click “log in”
